

To Whom it may concern,

I am writing as a concerned citizen from the state of Wi. We have become aware of the fact that you are thinking of changing our "no call list" rules in our state. Our name happens to be on that list and we DO NOT want anything chaged in our rules. Leave our no call list just as it is, in the hands of the Wi. government. If I cancel service with a business I usually have a reason for doing it and do not want to be bothered by them anymore, unless I am the one to decide to get in touch with them. This goes for businesses that I may have used at one time or another, that does not mean I want to be bothered in my home with their phone calls. I have a disability and can't be getting up to answer the phone with telemarketers on the line where I am just going to hang up on them anyway. Thank you for your time.
